

"Justice Anthem: Denouncing Genocides And Systematic Tyranny"

Summary/Abstract

This poem speaks of the atrocities committed throughout history, warning against letting the perpetrators get away with it. It mentions several genocides, including the Armenian Genocide, the Final Solution, the Great Leap Forward, and the Killing Fields, and names the people and organizations responsible for planning and executing them. It speaks of the scientists fabricating findings, the mouthpieces spewing talking points, the governments erecting walls, the bankers installing control grids, the DoD placing orders, and the corporations fulfilling contracts. It also mentions the NGOs leasing academics, the regulators approving solutions, the laws shielding contractors, the agencies ignoring signals, the Big Media consolidating, the psychologists crafting messaging, the propagandists chanting slogans, the fact-chokers smearing dissidents, the censors silencing questioners, the jack-boots stomping dissenters, the tyrants summoning puppeteers, the colluders implementing, the doctors ordering, the hospitals administering, and the good citizens believing and forgetting. It concludes with a warning against letting the perpetrators get away with it, and a call to action.
